CONFIDENTIAL

Dear Internal Affairs,

I would like to file a complaint with Internal Affairs regarding a Special Agent named Rodney V. White of the SBI Regional Office(Northern Piedmont District) in 501 Industrial Avenue in Greensboro, NC 27406. The complaint I am making is based on allegations of improper conduct or misconduct during his forensic analysis of my property, involvement in a criminal conspiracy to frame me with child pornography, planting of evidence, and that child pornography may have been downloaded on one of my seized hard drives while in SA White's custody. I will attach whatever evidence I can send to help prove these allegations and can aid in your investigation of the matter.

First I will attach three Whistleblower text messages I have received on my cell phone March, 2015 which has been seized by U.S. Probation Officer Kristy Burton of the Danville, VA U.S. Probation Office. She seized the phone in regards to the investigation of the Whistleblower messages I received on my cell phone. If you need to verify this information then you can contact Kristy Burton by looking up the Danville U.S. Probation Office to find their number then call Officer Burton to verify this information. So the cell phone is in her hands. The three Whistleblower emails allege conduct that Agent Rodney V. White may have been involved in a conspiracy to frame me with child pornography. Evidence that was sent by one of the three Whistleblower messages is Document IV of the SBI Case File 2012-02146 (915) where SA White admits that child porn was downloaded between the dates July 20, 2012 and up to July 28, 2013. If this is indeed the date that SA White added to his report from analysis of the Known.met file then Agent White basically has admitted that child pornography was downloading on the eMule program in 2013 when I lost custody and control of my computers and equipment on August 28, 2012 when I received a search warrant from the Mayodan, NC Police Department in regards to the child pornography investigation.

I also had sent letters to North Carolina Department of Justice employee Joy Strickland in in regards to SA White asking that the evidence be forwarded to SA White. You can request copies of all emails, faxes, and text messages between me and Joy Strickland to look into the fact that SA White had known for over a year that there was evidence that may help to prove my Innocence of the offense of child pornography. I also am aware that White deliberately ignored my letters, emails, and faxes all in regards to my actual legal innocence. I have copies of letters I had sent to Agent White while I was incarcerated at multiple county jails on one Federal charge as a result of SA White's conduct or

misconduct. I have copies of faxes I had sent to the Attention of SA White. SA White has ignored all evidence I had sent him including a Federal Affidavit(Declaration) under penalty of perjury that I am Innocent of the charge due to getting a Computer virus or Trojan Horse that I believe may have been the culprit of framing me with the crime. He in fact refused to investigate into the computer virus evidence under Declaration which I discovered later when I tried to request a copy of the virus log from Joy Strickland. Strickland informed me that Agent White does not work for the state crime laboratory. I also found in my federal discovery papers for my criminal charge that Agent White did not virus log and did not do a discovery into any evidence to help clear my name. Because I had ineffective counsel(public defender) I took the guilty plea falsely because I had no choice, all as a result of the misconduct of Agent White. The letter from Joy Strickland will also be attached as proof that she did inform me of Agent White not working for the crime lab.

I now have multiple reasons to believe that SA White did not follow proper procedures, did not follow policy, and was only interested in convicting me on child pornography unfairly.

Improper conduct or misconduct is on the grounds that SA White avoided the state crime lab to conduct the examination so that the usual procedures wouldn't have to be followed so that he can conduct his own analysis without major oversight while failing to conduct a virus scan or virus check on the hard drive that he claimed to contain the child pornography. He also failed to specify whether the "Files of interest" were really indeed child pornography. They could be adult images, adults that look underage, or may not even be pornography at all and was added to the files of interest without even proving that they really were child pornography. He did none of that. He allowed evidence that may not even have a chain of custody since evidence boxes I received from the Mayodan Police Department had no chain of custody since the seizure in August 28, 2012. He even lied to a Federal Marshal at the L. Richardson Preyer Federal Building in Greensboro, NC on December 23, 2013 that the state didn't conduct the indictment, that it was the U.S. Attorney. However I learned later on after my conviction that it was SA White that gave evidence to the U.S. Attorney and notified the Mayodan Police Department in North Carolina that there was enough evidence for a Federal indictment. In fact you can question the Federal Marshals there to find out which Marshal conducted the DNA swab and gave me the Arrest Warrant as that very Agent was the one that was speaking to ASA White which I overheard the conversation in the room.

Involvement in a criminal conspiracy to frame me with child pornography comes from the alleged allegations from the Whistleblower messages that I had received on my Tracfone cell phone. I really have nothing to add myself as the Whistleblower is making the allegations and I am just seeing how they connect with evidence/attachments that he/she provided in those messages.

Planting of evidence and that child pornography may have been downloaded on one of my seized hard drives while in SA White's custody. Page IV of that case file states that child pornography was downloaded in 2013 when the computer was in SA White's custody in 2013(After this hard drive was removed from my home on August 28, 2012). According to the Mayodan Police Report I received with the help of Town Clerk Melissa K. Hopper, SA White was to receive my seized property from Detective Christopher Todd Brim around October 3, 2012. So SA White had examined the Known.met file that gave a date specific to 2013 and part of 2012 in regards to the downloading of child pornography on the eMule file sharing network. It could be the eMule Virus or Trojan Horse that I informed SA White about in 2013 when I had sent multiple emails to Joy Strickland asking her to forward to SA White. I had even told him in writing that I am willing to answer any questions he has and am willing to cooperate with him in investigating the evidence I sent him in writing but he refused to write me back and refused to ever see me the entire time I was incarcerated. He has deliberately allowed the downloading of child porn or even a dangerous computer virus to be downloading child

porn all according to his own statements on the record. He may be wrong about the dates in his report but that would be a big oops as every word in his report was used against me in a Federal criminal Court of law. The evidence I am attaching to this Complaint will allow you to fully conduct the investigation into the conduct or misconduct of Agent Rodney White. The Federal authorities(U.S. Probation, FBI) already are aware of the Whistleblower messages involving the misconduct of SA White. This is a serious matter that involves my life, my Innocence, my exoneration in Federal Court, and determines the entire outcome of my criminal Appeal including petitioning for the Writ of Habeas Corpus. I need to know if Agent White even followed proper criminal forensic analysis policy and procedure according to any standards including standards of the state Internet Crimes Against Children task force under Reidsville PD detective Robert Bridge. I even noticed there may not even be an affidavit as I couldn't find any affidavit in my federal discovery papers. SA White just filed a report with the U.S. Attorney's Office with questionable information not even under Affidavit then the Whistleblower emails lead me to believe that SA White did this on purpose to frame me with child pornography. I don't even know him and I never even heard of him prior to me discovering in December 2013 that Agent White had a open investigation file on me at the time.

This is in reference to the evidence by SBI SA White, that was used against me in the U.S. District Court for the Middle District of North Carolina, Greensboro Division, Docket# 1:13-cr-435-1, United States of America v. Brian David Hill.

Confidential Notice: This letter and all documents/evidence attached herein is confidential and intended only for Internal Affairs(IA) of the SBI and all Agents, Directors, employees, officers, and persons that are authorized by IA to handle the complaint and conduct their investigation of the complaint to which it doesn't compromise their investigation. This is made confidential for the protection of the information and to keep the entire investigation safe from being compromised. This letter will be faxed and forwarded to a North Carolina Private Attorney named Cynthia Everson of the Everson law Firm at the phone number (704)674-8007 and at email cynthia@eversonlawoffice.net through her fax number (866) 813-4446. She didn't sanction the complaint but I myself am conducting the complaint so that the truth about SA White can be discovered and SA White can be held accountable for any misconduct he has committed.

All header information was typed up from what I can read from my cell phone. I even checked it over to ensure that all was copied.

I reconstructed the MMS message to the best of my abilities even though I suffer under serious health concerns, so there may be human errors in the reconstruction. However a video will also be created that will show the MMS message I received and also show the header information(Message details) plus the attachment as long as the attachment is legal. I Brian David Hill state that the above information is a reconstructed copy of a Multimedia text message sent to a ZTE Valet cell phone(#: 276-224-0862) that I was using at the time in regards to aiding in my criminal case Appeal and in helping to prove my innocence of my criminal charge. All header information was typed up from what I can read from my cell phone. I even checked it over to ensure that all was copied. Attachment of the SBI Document that was leaked by the Whistleblower is attached to this document. This was attached to the original email that was sent to the cell phone as a MMS message.

I reconstructed the MMS message to the best of my abilities even though I suffer under serious health concerns, so there may be human errors in the reconstruction. However a video will also be created that will show the MMS message I received and also show the header information(Message details) plus the attachment as long as the attachment is legal. The attachment shows a leaked SBI document but appears to be low quality and difficult to read.

I certify under penalty of perjury that the foregoing is true and correct.

Executed on March 6, 2015.
